NEW GOODS! NEW GOODS!!

A. T

Creech's.

I MAKE MY BOW AGAIN TO MY NUMEROUS friends and patrons, with a house full of goods and still they come.

Why, just look, the streets filled with drays all loaded with new Good's

FOR CREECH'S.

Just received, 50 CASES OF DRY GOODS, containing a large and varied assortment; and when you talk about Dress Goods, and when you think of new styles and speak of Goods at the right prices, why, bear in mind that they are here and now opened at Creech's. COME AND LOOK AT THEM.

CALICOES, CALICOES.

I will sell you Calicoes at 3 cents per yard; want you look at them at 10 cents? and can't you afford to buy them at 12½.

Goods for Men's and Boy's Wear.

Don't you know that I keep the best assortment in the City? You that do not know it, come and look at them and to you that do know, come right along and buy what you want. I have got some for the boy's, plenty for the youth's. A fine supply for the young men and enough to keep the old gentlemen warm, so why not spend a few moments at Creech's and satisfy yourselves?

There the remote Bermudas ride
In the Ocean's bosom unespied;
From a small boat that rowed along
The listning winds received the song.
COME TO CREECH'S.

Cloaks and Shawls, Cloaks and Shawls.

Did I say Cloaks and Shawls? That is just what I mean. Why I will sell them to you for $2.00. Do you want them cheaper? same quality. Cant find them! Do you want them finer? I am just the man that has them. 5, 7, 8, 10, 12, 15, 20, 25 and 30 dollars; do you want them finer still? Just say so, and I am the man to order them.

Boots and Shoes, Boots and Shoes.

Just received 100 Cases for Ladies, Misses, Boys and Children; so just put that naked foot into a boot or shoe, for it will soon be cold weather, and my friend, I see your boots are wearing out, and your shoes have a hole in them, so you had just as well come to Creech's and buy a new pair. They look better and fit better, and what's best keep your feet dry and preserve your health.

Hats, Hats, Hats.

All right; Prices right; styles right; and did you know that Creech's is the place to buy hats right? Come and look.

Ladies' and Misses' trimmed and untrimmed Bonnets; Would you not do well to spare a few moments and come and look at them?

I beg leave to return my sincere thanks for the patronage I have received for the last 20 years at your hands and I hope, by strict attention to business representing goods as they are and in every instance giving you the worth of your money, to continue to share a liberal portion of your patronage.

A. CREECH.

CARROW AND KIRK.

Neither of those *gentlemen* appeared on the Fair ground. Both were inquired for. We thought we had explained and made it plain, why the Bench warrant issued by Judge Watts was not served on Kirk. We are so often asked about it, that we must do it again. Before we left the Court House at Salisbury, when Judge Brooks released Kirk's prisoners, three of us placed writs in the hands of the Marshal returnable to the United States Court, suing Kirk and Bergen for false imprisonment. We required the marshal to take bail.

Upon these writs Bergen was put in jail. Kirk was not arrested on them for nearly a month; nor until we got out bench warrants against him. Then it was, Carrow, the Marshal, served the writs; and when Sheriff Lee would have served the warrant, Carrow forbid him, saying, Kirk was in his custody. Five minutes would have been sufficient for Carrow to execute his writ and take bail, or commit Kirk to jail, yet he has taken near two months to do so.

Execute your writ Carrow or your bail vindicate your orders. Carrow tells it down east where he lives, that he has given "Jo Turner his orders not to talk about him or he will get whipped." Watch you Carrow, execute the law justly, or you will have us to "whip," for we will talk against crime and criminals or those who dare shelter, protect, or defend them. We advise you when you come, not to fall down at us like Col. Moore of the Edenton relish did.

FOURTH CONGRESSIONAL DISTRICT CONVENTION.

Congress will assemble the first Monday in December. There is but little time left to supply the vacancy occasioned by the death of Judge Gilliam. We suggested on Saturday, that if the President of the late Conservative Convention at Franklinton, would call that body together at that place at an early day to nominate a candidate, it would be satisfactory to our party friends.

The delegates to that Convention should be in readiness to meet the call of the President. Let the District be fully represented, and let each delegate resolve to select a strong man and the best man for the position. The election of the right man will be an easy task, yet not so easy as to render an active and able canvass unnecessary. We hope the selection will fall upon the man who will bear our banner triumphantly through the canvass. We are prepared to support any man whom the Convention will select. Sacrifice and effort will be required, but it is a time when personal considerations must be waived for the good of the cause.

PUT HIM OUT.

At a meeting of the Stockholders of the Wilmington, Charlotte and Rutherford Railroad Company, Dr. Sloan and the Governor were repudiated.

The Stockholders refused to recognize the Governor's Directors, and instead of Dr. Sloan, elected S. N. Martin President.

The utter shamelessness of the Governor and his complicity in the manipulation of State bonds are apparent in the matters of Dr. Sloan. The Governor knows by the affidavit of Sloan himself that he (Sloan) did receive of Swepson twenty thousand dollars of State bonds as a bribe, yet the Governor wishes to retain him in a position where he will handle millions of money!—Would an honest man do so?

If he does, has he any reason to complain if people suspect him of having shared in Sloan's ill gotten gains?

RUN AWAY.

A friend wrote us soon after the August election, that Chief Justice Pearson passing East Bend in Yadkin county, the day of the election, told the people that "Turner had run away to keep Kirk from arresting him." If the Judge did not make the story, he knew it to be untrue when he repeated it, for we were writing and telegraphing to the Sentinel from Hillsboro, where we had gone to vote and to protect our family from armed Leaguers who infested the neighborhood.

A citizen of East Bend took the liberty of cursing Holden's dear Chief Justice, when the Judge ordered a Constable to arrest him for contempt of Court. We excuse the Judge as he was *non compos mentis* at the time. If he gets so again we shall not excuse him.

COTTON CROP OF 1870.

The amount of the cotton crop of 1870, is a matter in which cotton planters are deeply interested. The Agricultural Department at Washington has just issued a statement of facts derived from extensive correspondence in the South, in which the department bases its estimate of the present crop.

The estimate of the acreage planted in cotton in the Spring, shows quite a large increase over the previous year. The indications of the crop up to 1st of October were more or less favorable of an average crop, which if realized, authorized the belief that the crop would reach over three and a half millios of bales. Such an expectation together with the war in Europe &c. caused a rapid decline to the verge of the cost of production.

Subsequent information in reference to the crop satisfies the department, that the crop cannot exceed 3,000,000 bales, and if weather &c. are more unfavorable for the crops than anticipated, the probabilities are that it will fall to 2,750,000 bales.

We are inclined to the opinion that the crop will reach 3,000,000 bales, and if the crop is not forced too rapidly upon the market, the price will appreciate to some extent, and if the French and Prussian war should terminate before the 1st of January next, cotton will command 25 cts. in New York by the 1st of February. This of course is a speculation based upon contingencies, and we wish our readers to take it for what it is worth. To all our cotton planters who are able to wait, our advice is, *wait and watch* for developements.

PROCEEDINGS OF THE STATE AGRICULTURAL SOCIETY.

[Having published the proceedings of the first meeting of the Society, held on Tuesday night at the Capitol, we append the proceedings of the Society held on Wednesday and Thursday nights at the same place, compiled from the notes of the Secretary, which came to hand on Saturday morning.—Ed.]

SECOND DAY.

RALEIGH, Oct. 19.

The Society met according to adjournment, President Battle in the Chair.

Mr. Tappey, of the Petersburg Agricultural Society, and Mr. Long, of the Border Agricultural Society, responded, to the invitation of the President to delegates to participate in the proceedings, in behalf of their Societies in becoming terms, and invited the members of our State Society to visit them at their Fairs soon to come off. The President replied assuring them that delegates would be appointed.

The reading of essays being called for, Mr. W. F. Shultz of Salem, read an elaborate essay on Bees and making honey. The Society expressed its thanks and requested a copy for publication.

Mr. Louis Froelich of Kernersville, presented an essay on the culture of the Scuppernong grape and making wine; which by his request was read by the President. Hon. D. M. Barringer expressed great satisfaction at the value of the essay and acquiesced in the views of the author, as to the adaptation of Eastern Carolina to its cultivation and the making of wine as a source of profit &c., and moved the thanks of the Society and requested its publication.

Mr S. C. Shelton of Asheville read an essay on the cultivation of tobacco in the mountains of this State, and the successful results of his experiments, together with its culture, curing and with skilled labor.

Mr. S. also read an essay from Mr. W. S. Connell of the Elk Mountain Cheese Factory in Buncombe, on the manufacture of cheese. Mr. Hariston of Va. and Mr. Long of Caswell, expressed gratification at the views presented by Mr. Shelton on tobacco, and Mr. H. moved the thanks of the Society for both essays and requested their publication.

President Battle then read an amusing letter from a lady of Orange, giving her sad experience in agriculture, as a reason for declining to act as a Judge at the Fair. Mr. Kirkland of Hillsboro, responded happily and moved the thanks of the Society. [Hope the author will allow us to publish the letter.]—Editor.

On motion of Gen. W. D. Jones further reading of essays was deferred till to-morrow evening.

Meeting adjourned.

THIRD DAY.

THURSDAY, Oct. 20.

The meeting was called to order, President Battle presiding.

Reading essays was resumed. An essay by Mr. Yardley, of Warren, was read, on the culture of clover, showing its advantages as food for stock and as a fertilizer for the permanent improvement of the soil. An interesting discussion ensued in which President Battle, Col. Heck, Dr. R. B. Saunders, S. C. Shelton, Esq., Maj. W. A. Blount, Dr. P. E. Hines, Col. Kirkland and Prof. Kerr, took part.

An essay by J. R. Thigpen, Esq., of Edgecombe, on Fences was read, which elicited general attention.

Motion being made to go into the election of officers for the ensuing year, President Battle called Hon. D. M. Barringer to the chair, and on his motion the by-laws were changed so as to provide for four Vice-Presidents for the State at large, and two from each Congressional District, a Corresponding and Recording Secretary, a Treasurer and a Superintendent. The Society then proceeded to the election of the following officers:

PRESIDENT.—Hon. Kemp P. Battle.

VICE PRESIDENTS.—State at large.—Hon. Todd R. Caldwell of Burke, Hon. D. M. Barringer of Wake, Gen. Bryan Grimes of Pitt, and Dr. P. E. Hines of Craven.

Congressional Districts—1st. District.—R. H. Smith, Esq., of Halifax, and Edward Wood, Esq., of Chowan.

2nd. District.—Capt. J. S. Dancy of Edgecombe, and Council Wooten of Lenoir.

3rd District.—Gen Alfred Dockery of Richmond and Col. Fremont of New Hanover.

4th District.—Jno. W. Norwood, Esq., of Orange and Capt J. J. Davis of Franklin.

5th District.—D. A. Kerr, Esq., of Alamance and A. C. Hege of Davidson.

6th District.—N. L. Williams, Esq., of Yadkin and M. L. Wrinton, Esq., of Mecklenburg.

7th District.—S. C. Shelton, Esq., of Buncombe and Gen. S. F. Patterson of Caldwell.

Rec. and Cor. Sec'y.—P. F. Pescud of Wake.

Treasurer.—W. H. Jones of Wake.

Superintendent.—J. J. Litchford, of Wake.

On motion of Col. Heck,

Resolved, That the President be authorized to send out one or more Agents to address the people of the different counties to urge them to form County Societies and to send up specimens and to attend in person the meetings of this Society.

On motion of Hon. T. R. Caldwell, a vote of thanks of the Society was adopted, to the officers, members of Executive Committee, Marshals, Superintendents of the various departments on the Fair Grounds, for their efficient management—also to the newspapers, and the Railroad companies for the interest taken and for their liberality towards visitors and exhibitors.

A special vote of thanks was tendered the ladies who attended to the Hall, mentioning each by name and to everybody who aided &c.

On motion of President Battle, the Executive Committee was authorized to make arrangements for a Floral and Horticultural exhibition at the Fair Grounds in May next.

The meeting adjourned.

WASHINGTON CORRESPONDENCE.

It is now probable that the Republicans will have a majority for purposes of organization in the next House of Representatives. The late elections in Pennsylvania, Ohio, Indiana, Iowa and Nebraska, taken in connection with those which have preceded, and with the possibilities of the future, leave little doubt on this point. But when it comes to the great work of legislation, to the question of Revenue Reform, which involves the doctrines of Protection and Free Trade, of Internal taxes, of salaries and expenditures, and of the general current of Grant's administration, it is doubtful whether the party in power will retain the confidence and support of the majority. The late elections demonstrate the growing strength of the opposition. A gain of four or five members in Pennsylvania, and of two in Indiana, with the defeat of several protectionists, including Schenck of Ohio, the Chairman of the Committee of Ways and Means, by Free Traders or Revenue Reformers, Republican and Democratic, are unmistakable signs of the times.

All parties are acquiescing in the status of the colored race. Northern Democrats were slower to perceive the necessity of this course than Southern Conservatives and Democrats. But in future political contests the radical extremists will labor in vain to raise an issue on this question. I notice with pleasure that the Democrats in Maryland have at length "accepted the situation." Judge Merrick, who is a candidate for Congress in the lower western district, embracing the counties around Washington, has taken emphatic ground in favor of standing by the rights of the black man. This is as it should be.—Let there be no controversy in future on this question of personal rights. The Radical Republicans of the South until lately were the fierce and trenchant champions of slavery, with your Holdens and others at their head. They held out for these opinions until Congress gave suffrage to the negroes, when they immediately wheeled into line as first class Radicals; and lately I notice that Holden's organ has read the New York *Tribune* and the *Times* out of the party as Ku Klux organs. The course of Holden and his followers shows that their *prejudices* were not honest, as to convictions they had none. The Conservatives and Democrats, North and South, may therefore, without reproach avow a change of policy and of opinion on this subject, since it has become a settled question that all men, black and white, shall enjoy equal rights and privileges. They make no hypocritical confessions of error with an avowal of change of heart, but they acquiesce in a state of things which has become inevitable. They no longer quarrel with fate and fortune, and in time they will come to see that the rights of the African are as sacred as those of the Asiatic and the Caucasian.

The slavery and the Ethiopian questions being removed from the field of controversy, the great questions of dispute will again come to be those relating to the general welfare of all classes alike,—to those of commerce and finance, principally, with other incidental issues. The question of paying the national debt in gold or paper is rapidly being solved by the approximation of greenbacks to the value of gold. For a year or more the government has had it in its power to resume specie payments; but a regard for the interests of the debtor class has prevented the consummation of that desirable object. Or in other words the wide diversity of opinion in the ranks of the dominant party,—one section representing the creditors, and the other representing the debtors,—has held the administration nearly in equilibrium, with a slight and gradual tendency towards resumption. It is apparent however, that resumption, at no distant day is practicable, and desirable; and this consideration subordinates the issue raised by certain Western Democrats in favor of the payment of the public debt in paper. It is probable that they will give up their prejudices on this subject in order to meet the views of the Free Trade Republicans, and Revenue Reformers who will vote with them against the protective policy of New England and Pennsylvania. Free Trade is to be the *shibboleth* of the opposition to Grant in the next presidential campaign. He, without knowing anything about public affairs, is the creature of the protectionist party, which is willing to make use of his military reputation to keep possession of power. But it is becoming daily more and more manifest that Grant has but his *prestige*. His frivolous course of life has brought him into general contempt. Johnson, though possessing brain and purpose, and a will of his own, lost caste by "swinging around the circle" in company with men who were not more remarkable for abstension ness than himself. He displayed a plentiful lack of wisdom and discretion, but he always manifested a "policy" of his own and showed to the people that he was conscious of what was passing in the country. Grant on the contrary, has only displayed an aptitude for self-enjoyment, among the *boa vivants of Long Branch* and other resorts of pleasure seekers. His ability to "talk horse" is acknowledged, but that he knows anything of banks, of tariffs of reconstruction, or any other subject of public interest, nobody has a reason to believe, and nobody does believe. His political friends when interrogated on the subject, only shrug their shoulders and look as if they knew more than they are willing to tell. In a word, Grant has lost, or is rapidly losing his popularity. It is said that he is relapsing into a habit which was fatal to his career in early life. He is unable to resist the temptations, the presents and the blandishments which the possession of vast power exposes him to. He is not the President of the people, but the puppet of a few millionaires who use him for their own selfish ends. His removal of the able minister to England and of his two most respectable cabinet ministers is attributable to the malign influence of two Senators who are more noted for their wealth, and for their unscrupulous partisanship than for their talents and character. Motley, the accomplished historian and diplomatist is said to have been removed from his post of minister to England, which he filled with unsurpassed ability, at the instance of Chandler, the vulgar and braggart millionaire Senator from Michigan. Chandler went to England in the summer or Spring, where he made a great display of his wealth and of his ill breeding, with his livered servants, and his drunken revels. Mr. Motley, doubtless was thoroughly disgusted with and ashamed of the impudent, arrogant *nouveau riche* Senator, and is said to have given the latter mortal offence, probably by declining to introduce him to the royalty and aristocracy of England while in his least presentable condition. The consequence was that the Senator came home full of revengeful feelings against the minister, and aided by Cameron of Pennsylvania, who is reputed a richer and a meaner man than Chandler himself, they had the influence with the President to have Mr. Motley removed.—The scholar and gentleman, relying upon his merits had but a weak cause in the estimation of a President who has been raised from squalid poverty to princely fortune by the gifts of those who have sought office and patronage at his hands.

The removal of Judge Hear and of General Cox from the Cabinet are known to be due to the influence of the same two wealthy Senators, and it is the knowledge of these things that begins to weaken Grant in the esteem of his party friends.

Yours, N. C.

THE SENTINEL.

CITY AND STATE ITEMS.

MONDAY, OCTOBER 24, 1870.

No Court.—Owing to the indisposition of Mayor Harrison, no municipal Court was held Saturday morning.

Sale of City Property.—Rev. R. Harper Whitaker has purchased the property in the eastern part of the city, known as the Hendricks house, and taken possession. He will soon move the *Friend of Temperance* office to the same place where it will in future be published. The popular Old Boarding house is likely to come into prominent notice again.

Found.—A bunch of keys on the Fair Grounds, which the owner can have by applying to this office or to Bradley and Christophers' Confectionery, near the Yarborough House.

Moving off.—All day Saturday the drays and wagons were busy hauling out goods from the Fair Grounds, many of them to be taken to the Danville Fair, and some to Petersburg, where many of our readers will see them on exhibition at one or other of those places at their Fairs this week.

Fine Wines.—We are indebted to Mr. A. C. Hege of Lexington for sample bottles of his Concord and Catawba wines, on exhibition at the Fair last week. These wines were tested by a number of excellent judges of wine and pronounced equal to any and superior to most of the imported wines we get in this country. Mr. Hege has a large quantity of these wines for sale, which may be obtained of Messrs. W. H. Jones & Co., his agents in this city.

The Premium List.—We intended to publish to-day the list of premiums awarded to exhibitors at the Fair last week, but but owing to the interruption in arranging the lists occasioned by the storm of Thursday, they were not in as accurate form as we wish to publish them. We will give them to-morrow.

Beware of Editors.—Our contemporary, Mr. Bonitz, of the Goldsboro' *Messenger*, was at Greene county Court last week, as he had a right to be, quietly attending to his business, when a Radical bully came up to him, demanded his name roughly and told him he had come to give him a whipping. Mr. B. replied "you can't do it my friend," Joyner at once struck him with a large stick, when Mr. B. arose and grasping his cane in the middle returned the blow with interest. He then seized Joyner's cane and closing in with him, administered to him a severe drubbing. Joyner was badly whipped and our friend Bonitz came off without a scratch. Bully Joyner of old country. Joyner will know who to fool with next time.

The Congressional Democratic Committee at Washington have issued an address congratulating the party on its success in the recent elections, and urging its friends to greater exertions in order to secure the fullest benefits from the elections yet to come off.

Repairing.—We see our Baptist friends are putting their large and beautiful house of workship into a new dress. The roof has been repaired and had a new coat of black paint put on, and the painters are now engaged in putting the walls in lighter colored costume and, we think, a more beautiful one than the old. We like to see a religious congregation take a proper pride in the appearance and comforts of the house dedicated by them to public worship.

Street Sweeping.—We noticed the street brigade out with their brush brooms, on Saturday afternoon, sweeping Fayetteville street of the accumulated trash of the week. We suggest a change of time for this work. Let it be done early in the morning before the business of the day opens, and then it will not kick up such a dust to the annoyance of passers by, merchants and shop keepers.

Fruit Trees.—We believe we have omitted to mention in fire, the fact that G. W. Westbrook, Agent of the Ridgeway Nurseries, had on exhibition at the Fair a large variety of fruit trees, several of which took premiums. The Ridgeway Nurseries and Vineyards are very extensive and their trees may be relied on, as Mr. Westbrook, the Superintendent has been thoroughly *educated* to the business and gives it his whole time and attention.

The Cumberland county Fair will commence at Fayetteville on the 23rd November next.

A gentleman of *veracity*, says the Tarboro' *Carolinian*, while standing on the bridge over the river at that place a few days ago distinctly saw a shark some six feet long.

The White-haired Kine also offered millions for a new discovery, would have accepted the reward in PHALON'S VITALIA, OR SALVATION FOR THE HAIR, because it would have enabled him to renew in his silver locks their youthful glory. The Vitalia is clear and has no sediment. It does not stain the skin, but will color the hair in a very few applications.

JOTS AND DOTS OF THE FAIR.

Every friend of our State Agricultural Society must feel highly gratified at the success of the annual exhibition which closed here on Friday last, both in regard to the range and quality of productions, natural and mechanical, on exhibition.—From the mountains to the seashore the evidences of a varied undeveloped store of natural wealth in our State were abundant, while the agricultural contributions of cereals, cotton, tobacco, flax—indeed, almost everything that yields reward to the hands of the husbandman in every climate on this continent, save, perhaps, the sugar cane—gave promise of a future for the State in the line of agricultural prosperity, encouraging to the heart of every one who loves her and intends to keep his home within her borders.

Not least among the many advantages of the State, as indicated by the contributions to the exhibition last week, were the samples of indigenous medicinal plants and herbs, found so abundant in the mountain region. The gathering, curing and proper preparation of these for market, give employment to hundreds of persons and bring a large amount of wealth to that part of the State.

The Pomological department was also well represented. No one could look upon the fine specimens of fruit, especially of apples, without feeling that the time is past for our people to be sending off their money to Pennsylvania, New Jersey, New York or anywhere else for these luxuries—we may almost say necessities of life—and that instead of importers, we will become exporters of them in great quantities.

In regard to the management of the Fair we cannot speak too favorably. To the intelligent arrangement of the whole thing by the President, Secretary and Executive Committee, and the prompt and courteous performance of duty by the Marshals, Clerks, gate-keepers, superintendents of the various departments and the police employed on the grounds, the exhibitors and public generally are indebted for the pleasure of the occasion, and we here take occasion to return our thanks to all connected with the conduct of the Fair, for courtesies and for facilities afforded us in the performance of our duty as reporter. There will always be, on such occasions, some little grumbling and dissatisfaction, but we have heard as little of these upon this occasion as we have ever heard at any Fair heretofore.

On our own part, in connection with the Fair, we have a word to say in the way of apology. The great drawback on our labors has been want of space to publish as full a report as we desired. To make amends for any neglect on this occasion we have taken copious notes, and shall write them out as we may have time and space for their insertion.

CATTLE, HOGS AND SHEEP.

The counties contiguous to Raleigh are well adapted to the cultivation of the cereals, clover and the grasses, and the raising of cattle, hogs and sheep, yet in nothing perhaps, was there so perceptible a falling off at the State Fair, as in the stock department. Mr. Holt, of Alamance, had on exhibition some handsome Devons, and there were a few fine milch cows and other stock owned by parties residing near, but it must be admitted, that in the raising of cattle, hogs and sheep, our people have fallen behind their former efforts in this regard.

The necessities of our people have forced them to adopt a policy which ignores domestic comfort and future good, and looks only to the present necessity for making money. Hence, everything is sacrificed or subordinated in this region to the production of cotton and tobacco, as the great and only means of thrift and prosperity. The time was when our farmers looked to their stock of cattle, hogs and sheep, as a reliable source of profit, and as a certain source of domestic comfort and supply, but that day has passed by. There is a reason for this in the altered state of the population. There are so many indolent, thriftless, thieving vagabonds who live by plunder, that farmers tell us to attempt to raise stock of any kind, will be fruitless. Is there no remedy for this?

Florence Sewing Machine.—The Special Committee appointed to examine and report on Sewing Machines and Sewing Machine work, respectfully report that they have examined all the Machines entered and award the highest premium, a Gold Medal, to the Florence Sewing Machine entered by Mr. David Anderson of Wilmington, N.C., for the ease and quietness of its movements, perfection and large variety of work performed, and its valuable new features, making it the most perfect and valuable Sewing Machine for family use.

We also recommend a Diploma be awarded to Mr. David Anderson, for the best display of Sewing Machines and samples of Sewing Machine stitching.

The Hogs.—We didn't say much about the hogs on exhibition at the Fair last week, in our report, because they were a meagre subject, but there was one entry we failed to notice as we might have done—that of a beautiful Chester pig, exhibited by Master E. Burke Haywood, Jr., of Raleigh, and which, we believe, took first premium. It was a very pretty animal and can boast, what few pigs can, the *carved tail*. There are few pigs blessed with such a superfluity of ornament in that particular appendage.

A colored lodge of Good Templars has been organized in Greenville.

The Stockholders of the Western N. C. R. R. will meet in Asheville on November 1st, 1870.

WILMINGTON, CHARLOTTE AND RUTHERFORD RAILROAD.

The stockholders of this Road met at Wilmington on the 20th inst. Gen. Dockery was called to the Chair and Col. W. L. Steele was appointed secretary.

The Stockholders resolved to elect nine Directors instead of six, as heretofore. Dr. Sloan protested. The election resulted in the choice of the following Directors on the part of the Stockholders: Michael Cronly, Silas N. Martin, H. M. Houston, T. W. Wells, E. Kidder, W. H. Michal, F. W. Kerchner, J. L. Brown, Thos. S. Ashe.

Immediately after the adjournment of the Stockholders, the new Board of Directors met and elected Hon. Silas N. Martin, President, and Col. S. L. Fremont, Superintendent, of the Wilmington, Charlotte and Rutherford Railroad for the ensuing year.

The Directors for the State, to wit: Wm. Sloan, James McDonald, John F. Aydlett, R. C. Badger, S. P. Sherrill, Geo. W. McKee and Jos. S. Cannon, assembled and after sending a message to them, Dockery, proposing to co-operate with any six of the Directors on the part of the Stockholders, which was not acceded to, re-elected the old officers of the road.

What a Conservative Is.—The New York *Tribune* having declared that it had never been able to make out exactly what a Conservative is, the *Express* talks to it as follows:

"We will try to enlighten our neighbor. Negatively, then, a Conservative is just the opposite of a Radical. He is neither a destroyer of the State nor of Federal and State Constitutions. He is neither a Red nor a Black Republican—neither a fanatic in his religion nor his politics. Affirmatively, his faith, politically, is, to preserve the Constitution, to obey the laws, to maintain the rights of the people, of the States, and municipalities, and in all ways to secure the greatest good of the greatest number of people. Through party organizations and by social and other institutions, whether of State, School, or Church, a Conservative also believes in that which produces the greatest amount of good to his country, his State, and his home. Hence he would have all men cease to do evil, and learn to do well. The Conservative man, and especially the Conservative statesman, aims to preserve what is beneficial. He is for reform, but not for innovation. He believes with Edmund Burke that "innovation is not reform," and that it is not enough in public life or private life for men to mean well. It also becomes them to do well. The best Conservatives may fall short of this high standard of public life and private character, but we are giving our ideas of what a Conservative is. In brief, then, his purpose is to protect and preserve the State from all enemies, internal and external, and to guard as with a wall of bayonets its free institutions."

A SPECIMEN BRICK.

The carpet bag Governors of the South are as audacious as they are corrupt. They plunder without compunction. Their practical motto is: Whatever they can get from the rebels is justly gotten. Therefore they will get all they can. The Memphis *Sun* informs us that Clayton, the present Governor of Arkansas, has been manipulating Arkansas politics so as to get to the United States Senate. One of his heavy jobs has been to own or control the State press. This he has accomplished by means of the public patronage and liberal subsidies from the State Treasury. During the past two years he has expended for printing, the enormous sum of *two hundred and forty thousand dollars*, a large part of which has gone into the Treasury of the Little Rock *Republican*. Before the war, this sum was sufficient to pay all the expenses of the State Government for two years. Radicalism is everywhere the same. It universally appropriates the people's money to personal aggrandizement and always leaves empty treasuries to its successors.—*Lynchburg News.*

Spread the Truth.

Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this. It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be widely diffused—that the means of protecting and restoring health should be a close monopoly. What nonsense to talk in this way. It is worse than that; it is treasonable. Suppose Hostetter's Stomach Bitters—an absolute specific for dyspepsia, biliousness and nervous debility—had never been known beyond the *repertoire* of the faculty, what would have been the consequence? Instead of cheering and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the bitters have been advertised and continue to be advertised in every newspaper of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been transmitted into all written languages. Thousands enjoy perfect health to-day who would be languishing on beds of sickness if the newspapers had not *spread the truth with regard to this unequaled tonic, corrective* far and wide. Suppose profits have been reaped from this publicity. Is that any argument against it? If the public health has been protected; if lives have been saved; if the feeble have been strengthened and the sick restored, *great good* has been accomplished; and who so mean as to grudge to exertions thus directed their fair reward?

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,

GENERAL AGENTS,

CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $4,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premiums before death of holder's claim, as is the case in all Note Companies.
8. The sum of $3,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are annually available at our option for payment of premiums.
11. The dividends are made from the start, and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. No modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $31,021,161.00.
18. Its policies average larger in amount than those of any other Life Company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" so well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 to 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

FRANKLINTON, N. C., April 16th, 1870.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the *gum upon which the Utley Press works* cheaper, simpler and more durable than any I have met with.

Yours very respectfully,

JAS. B. WILDER

RIVER LAWN, CUMBERLAND Co., N. C., April 22nd, 1870.

THOS. H. BRIGGS, Esq: Dear Sir.—In reply to yours of the 13th asking how I was pleased with the Utley Press I used last season, I would say that *it gave entire satisfaction.*

Respectfully yours,

CHAS. H. BLOCKER

HILLSBORO', N. C., April 22nd, 1870.

THOS. H BRIGGS, Esq., Raleigh, N. C.: Sir—I have used "Utley's Cotton Press" for baling hay for some months. It works well and gives entire satisfaction. I regard it as the best Hay Press I have seen.

Respectfully,

E. H POGUE.

RALEIGH, N. C., June 18th, 1870.

T. H BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton also other crops for my neighbors, making in all one hundred bales. I consider it superior in all respects to any Press I have ever seen and that it is every thing the patentee represents. I packed bales weighing from four hundred to five hundred and ninety-seven pounds.

Yours truly, W. T. HOWLE.

Protected by Copy right for 28 years from May 8th 1868.

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compounds. Soft, clear, steady and non-injurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

Such losses have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation depends.

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.
